

ATLAS ARMOR HURRICANE SCREENS™

Limited Full 10-Year, Transferable, FREE Fabric Replacement Warranty

Designed to provide a FULL 10-years of comfort and protection for your family's safety and property.

Atlas Armor offers no other warranties except for those listed here: **1) FABRIC material warranty:- FREE Fabric Replacement** for loss of screen strength due to normal 24/7 exposure conditions to sunlight (UV), rot, mold, mildew and atmospheric chemicals; **2) WIND-ONLY Damage - FREE Fabric Replacement (150 mph max):** for wind damage causing screens to pull out or away from their side tracks, bottom weight bar or top take-up reel; **3) WIND-ONLY seam separation Damage - FREE Fabric Replacement (150 mph max):** for wind damage causing the horizontal seam joining two pieces of screen fabric (used on tall openings) to split or separate.

Our one-time, FREE replacement, motor warranties: Dooya motors are warranted for 5-years, Somfy and Gaposa motors are warranted for 4-years. If any motor fails within 90 calendar days from installation, Atlas Armor will supply the dealer with another new **FREE** motor replacement, all remote screen controls and WIFI interface devices are warranted for 1-year.

All damaged items must be FIRST returned to Atlas Armor for inspection. After inspection, valid damaged items, will either be repaired or replaced for FREE (at Atlas's sole discretion) and then made available to the dealer. Atlas Armor warranty does not cover any possible dealer's installation related labor, related taxes, import fees, shipping, crating, handling charges, or any other material charges.

Warranty does not cover items beyond Atlas Armor's control: **1) improper installation**, insufficient building structural strength, abrasion (screen in contact with any part of the structure such as stucco, railings, walls, columns, Mullins, etc.), **2) customer or vandal abuse** (too close to a heat source, or other customer damage, neglect, unreasonable or improper use or care such as improper or lack of cleaning, lack of side track lubrication, exposure to corrosive chemicals, or on-site accidents), **3) any unauthorized screen modification**, **4) screens improperly deployed** without both sides screen hems correctly inserted into their side tracks, **5) any acts of God** related storm damage due to objects striking or abrading the fabric (damaged pool cage metals, sharp roof tiles, any other sharp objects, falling trees, air borne construction materials, etc.), storm surge damage due to floating or submerged objects, **6) site incurred damage** (water or physical damage of remote controls or motors, electric surge, lightning related or electrical shorts will also void the motor/control warranty; **7) any cosmetic screen fabric damages:** scratch marks, discoloration, stretching or bagging, misaligned threads, color striping, filled screen holes, uniform holes, weaving problems, color coating damage or rough fabric areas.

Our full 10-year warranty starts on day of installation and is only valid for registered owners. Warranty will be considered void if: Original owner does not fill out and return the registration form to Atlas Armor within 90 days of the screen's installation date. Once received, owner will be emailed an Atlas Armor registration conformation to be used for any future claims. **When Transferring to new owner** (for the same installed screen location) screens must again be register by new owner (**within 90 days of sale**) to continue the remaining time on the 10-year warranty. If there is a warranty claim, send claim request directly to your original Atlas Armor Dealer (dealer name printed on warranty). All claims must include, the Atlas Armor registration conformation email and your original purchase contract. Your dealer will process and handle the claim on your behalf. **Atlas Armor is only liable for the wholesale cost of the fabric and motors and does not accept responsibility for any other expenses. (i.e., order processing, labor, shipping, handling, import taxes, fees, site damage, metals, etc.) associated with the warranty claim.**

This 2024 warranty supersedes all previous warranties and may be updated at any time.

CLEANING: Clean your screens with a soft car sponge using 3 gallons of water, 1/8 cup mild detergent (Dawn dish detergent) plus 1 cup household bleach. Finally, rinse screens thoroughly with clear water. **DO NOT use any type of brush or abrasive cleaners.**
